Seven members of the Moreland PTA can really be proud of themselves. At the canning center at Washington School they canned 400 pounds of apricots to be used at the school cafeteria during the coming school year. Out of the 400 pounds there were 299 cans . . . someone must have eaten that last one.

★ ★ ★

If you notice groups of Campbellites huddled in corners they're probably talking about the big foot race to be run soon by two prominent and athletic (it says here) local men. Bets on the sporting event are said to be already in the four figure brakets, but that could be an exaggeration. One of the contestants is on his vacation and there's a rumor going around that he is spending it getting in shape and will be trained to the eyebrows.

The name "Keesling" is not ohly well known in Campbell, but also in San Francisco. A regular feature of the San Francisco Chamber of Commerce bulletin is a short story of some of its well-known citizens who have come from other counties. In a recent issue, Francis V. Keesling, cousin of the Campbell Keeslings, is mentioned as a Santa Clara County man who has made good in "the City". Keesling, an attorney, is a member of the Golden Gate Bridge District Directors, a special assistant to the U. S. Attorney General and helped draft the new San Francisco charter.

★ ★ ★

And speaking of Keeslings—the air age is here to stay . . . Mrs. Harold Courtney of Honolulu who has been visiting her parents, the Archie Keeslings, for the summer, left for home via air yesterday. She had breakfast in Campbell and dinner in Honolulu!

★ ★ ★

After 17 years as cafeteria manager and cook at the Campbell Grammar School, Mrs. Hattie Gardner has resigned. She hopes to be able to spend most of her time at the family cabin located at Fallen Leaf Lake.

★ ★ ★

One of those household accidents which insurance ads are always talking about happened to Mrs. Merlin Bohnett Monday. She had waxed her floors until they reached perfection—but alas that very perfection was treacherous . . . she slipped and broke her wrist.

★ ★ ★

Someone who is especially looking forward to the American Legion convention in San Francisco is F. A. Reese. It will mean a grand reunion for him and a chance to work with his crack drill team again. From 1926 to 1939 Reese instructed a Legion drill team in his home town of Toledo, Ohio. During those years with the exception of the conventions in Paris, France, and Portland, Oregon, Reese's team was never defeated at a State or National convention. There will be no competition in this year's parade, but Reese will march with his team, confident that if they would compete, they'd take top honors. He is also looking forward to showing his Ohio buddies his Capon Ranch on Whiteoaks Road.

Miss Opal Kuykendall is wearing a dreamy look and a sparkling diamond on her left hand. The lucky man is Troy Pierce, a freshly discharged Army veteran. Miss Kuykendall, who is now working in Clark's Drugs, is undecided about resuming her education in the fall.

At least a load of lumber has been delivered to the new post office site, altho innumerable yards of red tape have slowed up the actual beginning of construction.

Members of the Roost are anxious to start a basketball team, similar to the one organized last summer. Interested boys are asked to sign up at the Scout Hall, now the Roost headquarters.

Campbell Tennis Tournament In Semi-Finals

George Phillips Leads Men's Singles, Helen Powell Favorite In Women's

The night tennis tournament being conducted at the local courts is progressing on schedule, with the general favorites coming through as expected. George Phillips was the first player to reach the semi-finals of the men's singles, having defeated Ken Peoples in the quarter- final round. A mild upset was scored when Bill Rickers defeated Dan Clark in the round of eight, by a score of 6-2, 4-6, 7-5. Bill has shown a remarkable ability to recover impossible shots, and his victories over Richard Field and Dan Clark have been achieved principally because of this fact. He meets Frank Blaine in the quarter-finals in a match which is rated a toss-up, with a little edge, if any, going to Frank. In the lower half of the draw, Ray Fish Jr., and Bob Magnuson seem destined to meet each other in the semi-finals.

The women's singles is pretty much of a one-man (or should we say woman) show, with Helen Powell continuing in the roll of top-heavy favorite. Louise Tordt and Mary Drummond will play this week for the right to meet Mrs. Powell for the title. Next week Mr. and Mrs. Powell will oppose Mr. and Mrs. Harold Drummond for the mixed doubles title, with the Powells favorites to walk off the courts victorious.

The men's doubles semi-finals have been decided in all but one instance. Lloyd and Milton Nelson oppose Dan Clark and Bob Magnuson in the quarter-finals, with the winner meeting Ray Fish Jr. and Sr. Clark and Magnuson are favored to win this match, and eventually go on into the finals against the winner of the Reid-Phillips and Drummond-Murdock combination.

So much enthusiasm has been shown that arrangements are being made to have a portable public address system to announce the final matches, which will be played probably the week after next.

Accident Draws Large Crowd

Although it was a record-breaking hot day, a large crowd assembled miraculously last Friday afternoon when a two-car crash occurred on the corner of Campbell Ave. and First St. No one was injured although both cars were so severely damaged that they had to be towed away.

Mrs. Martha Wood, a Campbell resident, was the driver of one car involved, and T. D. Coubson the driver of the other.

A long wait ensued for the highway police during which both involved parties claimed to be in the right. No eye-witness to the accident could be found, and the matter was referred to the District Attorney by J. T. Daly, the investigating officer, but no complaints were issued.

Mrs. R. E. Shaeffle was a passenger in the car driven by Mrs. Wood.

LARGE FAMILY REUNION HELD

Last Saturday evening a reunion of the Harry Horn family with 29 present was held at the home of Mrs. Eva Grattan. Attending were seven sons and daughters of the Horns, the sons' wives, their grandmother, Mrs. Nora Horn, and other relatives. The Horns make their home in Richmond and their sons came from as far away as Baltimore, Maryland and Los Angeles to attend. The group had family pictures taken and then enjoyed a barbecue and picnic in the Grattan garden.

Tomorrow evening several members of the family will meet again in San Francisco to attend the Ice Follies in celebration of Lowell Grattan's birthday and that of his uncle, Harry Horn.

Poultry Feed Prospect Shows Big Improvement

Some cheerful news for poultry producers of Northern and Central California came last week from the California Crop and Livestock Reporting Service.

The July national crop report, the Service declared, shows that crop prospects for the country as a whole appeared brighter than on July 1 of any of the past seven years, except in 1942. The outlook for grain crops, both feed and feed grains, is for the largest aggregate production in all history. This includes corn, wheat and oats.

Only the nation's barley crop is disappointing, but California's barley crop, chief feed grain of the State, is placed at more than 43,000,000 bushels, about 4 per cent above last year.

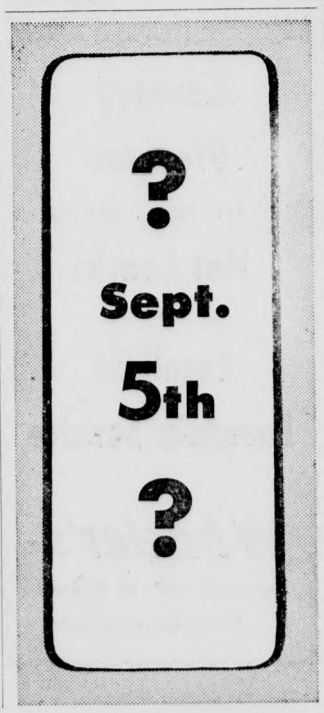
"Although these prospects do not mean immediate relief from a discouraging feed and feed price situation, the bounteous crops now in sight look very reassuring for all feed users," the Service stated.

Special Delivery Letters Require Complete Address

A new postal regulation requires the streeet and house number on special delivery letters. According to Ira Grim, postmaster, special delivery letters received at the Campbell post office which do not bear the required information will be put in the addressee's box instead of delivered.

This will apply to business houses as well as individuals. For many people who live in houses without numbers this will pose a problem. It may, however, assist in procuring house numbers for the entire town, a necessary step before house delivery can be installed.

An average of 100,000 servicemen apply for pensions each month through American Red Cross Field Directors at separation centers.



Women Fighters Declared "Not Guilty" By Court

A verdict of "not guilty" was given by Judge A. H. Bell of Los Gatos who was called to Campbell to preside at the trial in which Mrs. Effie Ruyle charged Mrs. Ola Mae Reilly and Mrs. Louella Harwood with assault and battery.

Because of the large number of witnesses subpoenaed in the case the banquet room of the Odd Fellows' Hall was used for the occaion instead of Justice of the Peace Blaine's home.

The assault and battery sharge grew from a fight in which the three women engaged July 23 on Dillon Avenue. Mrs. Ruyle claimed she was cut on the head and received a black eye and facial bruises. Mrs. Reilly said her nose was broken in the fray and received as well, a black eye.

Both sides claimed the other had struck the first blow and the many witnesses called were unable to testify as to just who had started the fracas. All of the witnesses were residents of the neighborhood near the scene of the fight.

Mrs. Ruyle's daughter, Mrs. Ruth Coupland, and Mildred Johnson testified that Mrs. Harwood threatened Mrs. Ruyle, while Mrs. Harwood and Mrs. Reilly, sisters, testified that Mrs. Harwood had been threatened with bodily injury.

Husbands of the two sisters testified and Henry Harwood drew a laugh from the spectators with his testimony that the fight was a "pretty even one".

Other witnesses who testified but were unable to shed much light on the altercation were Mrs. Mable Whitman, Jack Leech, Mrs. Bess Burd, Mrs. M. Haskell and Mrs. Lillian Detherow.

Mrs. Ruyle, the plaintiff, was represented by John Demsey of the District Attorney's office and Martin Walsh was the attorney for the defendants.

Navy Nurse Released

Ensign Nora G. Brydon

Ensign Nora G. Brydon (N.C.), U.S.N.R., of Campbell, has been released from active duty in the Navy Nurse Corps after 14 months of service at the U. S. Naval Hospital, Mare Island, and is spending a few weeks' vacation before returning to the Santa Clara County Hospital, where she will resume her former position. She is the daughter of Mr. and Mrs. A. E. Brydon.

PTA STUDY GROUP MEET

The Campbell High PTA Study group will meet on Friday, Aug. 9, from 10 a. m. to 12 noon. The making of salad dressings will be demonstrated by the project leaders, Mrs. W. E. Robinson and Mrs. Eleanor Schaeffle. Everyone is invited to come and bring a friend.

TAKES BUYING TRIP

Miss Rachel Spradling, operator of Rachel's, spent Tuesday in San Francisco buying for her store.

Petitions for Incorporation Now Being Circulated

Petitions for incorporation are new being signed by many Campbell residents in order that the Board of Supervisors may pass upon them. It will be of interest to those who object to the boundaries to know that the extent of the area will be decided by the Supervisors. Also with the Supervisors rests the decision as to whether incorporation will be placed on the November ballot for Campbell voters.

Formal procedure consists of an examination of the petitions by the Supervisors and the setting of a hearing date or as many as are necessary, not to exceed two months in all. At the hearing or hearings the Supervisors will hear any who come before them to protest the inclusion of certain areas in the proposed boundaries. They then decide whether Campbell residents are to have the privilege of voting for or against incorporation, and in the event the matter is placed on the ballot, define the boundaries for the proposed incorporated area.

Petitions now being circulated must bear, in order to be presented to the Supervisors, the signatures of 25 per cent of the residents of the proposed area representing 25 per cent of the assessed valuation.

At Tuesday evening's open meeting, the Campbell Taxpayers' Association discussed all of the aspects of incorporation and the speaker of the evening, Judge Malcom Gannett, pointed out the intrinsic values as well as the monetary possibilities of receiving more for the tax dollar than Campbell residents do at the present.

Army Veteran Speaks at Kiwanis Meeting

At the Campbell Kiwanis meeting Aug. 6, Lowell Benson, chairman of the day, introduced C. P. Maas, who spent 21 months in the South Pacific, as speaker.

Maas was reconnaissance officer with the 6th Infantry Division, which he joined in New Guinea and followed through to the Philippines.

He spoke on the division's organization and operations and gave some of his experiences in battle and during attack while being transported. At Luzon he stated that the 6th spent 127 days in continuous fighting, a record during the last war. At one point of battle, Maas said that the jungle was so dense that it was impossible to see the enemy at any time and that fire was directed from sound and that radio-active fuses were used to control the bursting of shells. These shells each contained a small radio which received waves from the object it was approaching and caused the explosion at the desired distance above the target, spraying the fragments so as to do the most damage.

Visitors from the San Jose club were Joe McKinnon and Ed Walker and from Los Gatos, Bennie Moritz and Bill Capener.

Carl Field industed Larry Hill, principal of Campbell Union High School, into Kiwanis, as one of its more than 163,000 members.

Fred Jones was presented with a tab for his Kiwanis pin denoting two years of perfect attendance, and Ethan Lanphear received one for three perfect years.

Next Tuesday an inter-club meeting with San Jose club will be held in Campbell and San Jose will have charge of the program.

Red Cross To Celebrate V-J Day Anniversary

First anniversary of V-J Day, next Wednesday, Aug. 14, will be celebrated by former Red Cross Field Directors with a no-host reunion dinner at the San Jose Chapter House. Invited to share in the gathering are all wartime welfare workers with the military from this area, comprising Santa Clara, Sunnyvale, Campbell, Cupertino, Morgan Hill, Mt. Hamilton and San Jose.

Chairman of the V-J Day gathering is Robert Doyle, former Field Director and Army Air Force veteran.

No formal program is planned as the evening will be devoted to reminiscenses of wartime experiences in the Red Cross service here or overseas.

Wives or husbands of the former Red Cross workers will be welcome to attend and dinner reservations should be made by Aug. 19 with the Red Cross Chapter House, Columbia 2068.

One of The Press advertisers, Harold Peters of Los Gatos, won the nation's top outboard race event, when he eliminated all other contestants in the Service C Runabout event at the 14th annual Hearst Gold Cup championships at Long Beach, July 28.

EDITORIAL

We are all familiar with the mother who hates to see her child grow up. She weeps when Jr.'s curls are cut . . . she wails when he starts school and she moans over the first pair of long trousers. She is the mother who refuses to recognize growth as inevitable and fails to take pride in her child's mental and physical development, preferring to "keep him little".

There is a similarity between this attitude and the feeling of some residents that Campbell must be kept the way it is. They do not want to change, to grow. There is a certain understandable sentiment in this, but they cannot see that, like the child, the growth cannot be stopped. It has already happened and is continuing daily.

Like the child whose legs are too long for short pants, Campbell is now too big and cumbersome for the present government through county offices. Campbell, whether we wish to acknowledge it or not, has grown and will continue to grow.

Many long-time residents take the climate here for granted, but there are thousands who visit here, who were here during the war, or who have merely heard of this valley—who intend to make this their home when housing and their personal situations permit.

It would be most unnatural if we all agreed on the details of incorporation. Many feel the boundaries are too big, and this will have to be worked out by the Board of Supervisors if we decide to incorporate. We will have to remember that all of us cannot be pleased and that the good of the whole must be the matter at stake.

Unlike the mother who unconsciously retards her child, we must take pride in the intangible characteristics which would develop from Campbell's coming of age.

MISSIONARY GETS POST

WASHINGTON—Here's the inside story on the sudden appointment of John Leighton Stuart as new American ambassador to China.

Originally, President Truman planned to appoint Lt. Gen. Al Wedemeyer as ambassador to China As a matter of fact, Wedemeyer's nomination already had been typed and was on the President's desk. However, last week General Marshall sent Truman an urgent cable advising that he finally had found one man who could act as ambassador and who was on good terms with both the Commnunists and the Chiang Kai-shek group. Marshall also pointed out that Stuart had lived in China for 50 years and spoke fluent Chinese.

So, 24 hours later, President Truman nominated J. Leighton Stuart to be American ambassador to China.

ARGENTINE ATOM BOMBS

The fascist Argentine government has completed elaborate plans for going into the atomic-bomb business on a scale parallel to that of the U. S.

The Argentine Scientific association has proposed and received approval of the Argentine war and navy departments to finance importation, and operations of the best nuclear physicists in the world, including German refugees.

The Argentine government is guaranteeing these scientists unlimited funds, complete scientific liberty and absolute personal security from police terror. The head of one important Argentine scientific group informed the Peron government that Nazi scientists are doing well but still are not operating rapidly enough to satisfy the Argentines.

ATOMIC RAT RACE

U. S. atomic delegate Bernie Baruch has confided to friends that he is much opposed to having chairmanship of the atomic commission rotate each month. This means that Australian Foreign Minister Herbert Evatt, United Nations dynamo, now steps down as chairman.

The Australian is about the only member of the atomic commission who has Soviet Envoy Gromyko afraid of hi.m. The other day Gromyko opposed a decision by majority rule, opposing a two-thirds vote instead. Evatt was on the Russian in a flash.

"It's not necessarily true, Mr. Gromyko, that the majority is always wrong," rebuked the Australian.

On another occasion, Gromyko was protesting against the Baruch plan. Instead he proposed immediate destruction of all existing atomic bombs and release of the atomic bomb secret by the U. S.

When Bernie Baruch, listening through his ear phone, heard this he became almost apoplectic. But before Baruch could speak, Evatt took on the Russian again.

"You know, Mr. Gromyko," said Evatt, "not all the parliaments in the world would approve all the proposals that you make here. If they did, it would be a different world."

NO CONGRESSMAN IS GUILTY

The case of Andrew Jackson May and his backstage wire-pulling for war profeiteers illustrates two defects in our politico-congressional system which sooner or later must be cured.

1. The almost-life-or-death power of the chairman of any congressional committee over executive branches of the government.

2. The fact that certain congressional districts are so dominated by political bosses that no matter what a man does in Washington he can't be defeated for reelection at home.

Congressman May comes from a district in the Kentucky mountains, many of whose people now regard him as something of a hero. They believe that Jack May can do no wrong. Prior to Mays incumbency his district sent a Re'publican, John Langley, to Congress. He landed in jail for bootlegging. But even after he had been convicted, Langley was re-elected to Congress. And when it became clear that Langley could not adequately represent his district while behind bars, his loyal constituents sent his wife to Congress.

Actually, the great majority of congressmen are absolutely honest. Misguided and frequently wrong they may be, but most of them are honest.

BIKINI AFTERMATH

Air Chief General "Toughy" Spaatz is not happy over the air force's role in the first Bikini test. The bombardier and pilot, who dropped the bomb more than a thousand feet wide of the mark, are in the doghouse permanently. Both will be transferred to routine assignments. General Spaatz feels there is no excuse for their wide miss. . . . The British cabinet has decided to settle 250,000 anti-Russian members of the Polish army in England permanently.

Campbell Court Notes

By Judge Blaine

For the last month Campbell Court paid to the county $233. Of this sum $6.00 represented civil fees and $227 traffic fines.

For the same month, July, of last year, comparative figures were $9.50 and $67.00; for two years ago, $2.00 and $14.

There are those who believe that a court should pay its own way by its collections. From this point of view local court business of last month was good. From the point of view of peace and law-keeping, however, the situation was bad.

The man who had hoped to be released from the jail farm submitted a plan that he promised to fulfill. On the same day he wrote to his wife that he was not going to do any such thing. Then a few days later he wrote to both wife and judge wanting to know why he hadn't been released.

In the same week a local merchant quoted for the judge this bit of Chinese wisdom: "If a man fools you, shame on him. If he fools you twice, shame on you."

Most of the dissatisfaction with our probation system seems to be due to letting the same offenders fool law enforcement officials twice or even three times.

Schools Get Apportionment

The public schools of Santa Clara County got $2,435,494 in apportionments from the State treasury for the 1945-46 school year, California Taxpayers' Association said today, making public the second section of its study of school district financing in California. In addition to the State apportionment, the property tax levy for the schol districts in the county was $3,575,522 for 1945-46.

Elementary school districts in the county got $1,613,147 out of the State treasury, high school districts received $757,490, and junior college districts $64,817.

Proposition 3 on the November ballot would fix State support of the public schools at $120 per pupil in average daily attendance. The present base is $80 per pupil for the elementary schools and $90 for the secondary schools. This means an increase in State apportioment of 50 per cent on elementary pupils and 33 1/3 per cent on secondary pupils. In addition, State support would be provided for kindergarten pupils for the first time.

Total State apportionment to the public schools throughout the State for 1945-46 was $96,157,108, with $65,219,246 for the elementary schools, $29,310,173 for the high schools, and $1,627,689 for junior college districts. In addition, total property tax levy for schools was $131,965,112.

"If proposition 3 were to be voted by the people, the total State apportionment to the public schools would be $142,000,000, assuming the 1945-46 attendance base of 1,121,278 and including an estimated 62,000 kindergarten attendance. With the uptrend in enrollments this could reach $220,000,000 in ten years," the association said.

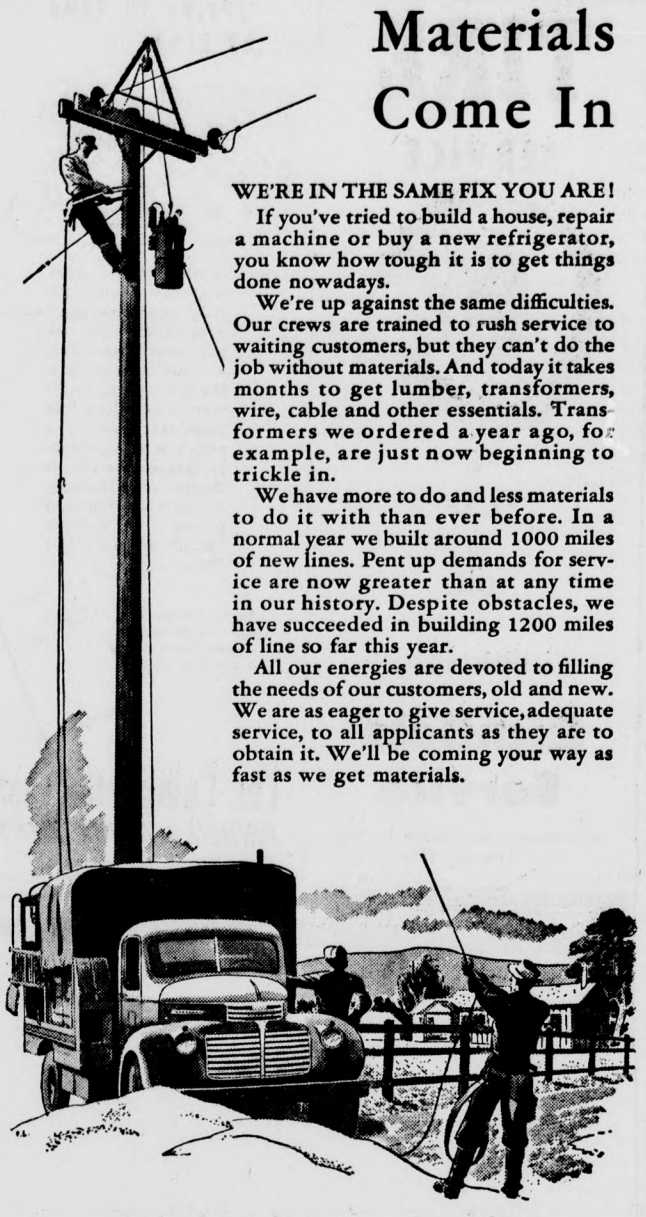
Line Crews are Putting 'em up as fast as Materials Come In



WE'RE IN THE SAME FIX YOU ARE!

If you've tried to build a house, repair a machine or buy a new refrigerator, you know how tough it is to get things done nowadays.

We're up against the same difficulties. Our crews are trained to rush service to waiting customers, but they can't do the job without materials. And today it takes months to get lumber, transformers, wire, cable and other essentials. Transformers we ordered a year ago, for example, are just now beginning to trickle in.

We have more to do and less materials to do it with than ever before. In a normal year we built around 1000 miles of new lines. Pent up demands for service are now greater than at any time in our history. Despite obstacles, we have succeeded in building 1200 miles of line so far this year.

All our energies are devoted to filling the needs of our customers, old and new. We are as eager to give service, adequate service, to all applicants as they are to obtain it. We'll be coming your way as fast as we get materials.

Most everything costs MORE today— but the cost of ELECTRICITY is DOWN.

VILLAGE STREET

A shady street with trees growing high,
A lacy cloud across the blue sky,
On the evening air, a tang of smoke,
From leaves, being burned by friendly folk.

The laugh of a child, the bark of a dog,
And 'gainst the far hills a curtain of fog;
Red flowers abloom o'er the garden wall,
Far in the distance, a lonely quail call.

A wee friendly house, with door flung wide,
With an old fashioned well, standing beside,
A smell of fresh bread, on the warm evening air,
A glimpse of grandmother's low easy chair.

A friendly word from each soul you meet,
As you stroll alone up the village street;
What more can one ask of the good God above,
Than to dwell on a street, that speaks of His love!

—Clara Beebe Baldwin.

It took a jeep bristling with machineguns, an armed guard and army officers to escort an American Red Cross supply officer and his packages containing 30 million units of precious pencillin across France to the headquarters of the Bulgarian Red Cross.

Starts Business In Campbell

E. A. Donovan, who, prior to joining the U. S. Navy, was in business in Los Gatos making seaside and similar novelties, has established a plant on Hariette Ave., near Pollard. Donovan takes abalone shells, pieces of redwood and other items and by both known and some secret processes of his own, makes them into mementoes of the type sold in seaside and forest stores.

Donovan served three years in the Navy, two and one-half years being spent in the South Pacific. He has a sister, Lieut. Dorothy A. Donovan of the Army Nursing Corps, who is now on duty in Wisconsin.

PETITION CIRCULATED TO QUALIFY HUBBARD

About 200 petitions were placed in circulation on July 29 in all parts of Santa Clara County to qualify the name of O. S. Hubbard, Superintendent of Schools of Santa Clara County, for placement on the ballot at the November election. While Superintendent Hubbard was appointed by the Board of Supervisors to complete the unexpired term to which former Superintendent of Schools Lewis H. Britton was elected in 1943 and which ends December 31, 1946, District Attorney Leonard R. Avilla ruled that an independent candidate for the four year term 1947-1950 to which Mr. Britton was elected in the June primaries before his death must file a petition signed by 5 per cent of the voters at the last general election. This number is 4249.

Among the endorsements which Superintendent Hubbard has received is one signed by Superintendent Ralph Fields of the San Jose City Schools; Dr. J. C. DeVoss, Dean of Personnel Management, San Jose State College; and Dr. J. C. Almack, Professor of Education, Stanford University and former member of the Palo Alto Board of Education.

Petitions must be circulated between the 29th of July and the 17th of August.

JOURNALISTS SEEK MEMORIAL SITES

Sigma Delta Chi, national fraternity of journalism, has been engaged for the past few years in appropriately marking historic sites in the annals of American journalism.

The site may be the birthplace of a distinguished editor. It may be a printing plant where a fearless crusading paper was published. It may be an editorial office from which an illustrious fight was waged for freedom of the press. It may be a desk where editorials defending minority rights and racial tolerance were written. There is no set standard for the place or object to be marked.

To date no editor or newspaper office in the West has been so honored. This year Sigma Delta Chi's committee is considering such editorial figures as Elijah Lovejoy, "the martyr abolitionist;" Grover Cleveland Hall, who fought against the Ku Klux Klan in Alabama, and Joseph Pulitzer of the St. Louis Post-Dispatch and New York World, advocate of good government.

Veterans News

The veteran's closest ally in the Veterans Administration is the contact representative, the individual who is literally the VA's answer man, through whom the vast government agency maintains personal touch with ex-GI's.

Throughout California, Nevada, Arizona and the Hawaiian Islands are scattered 237 contact representatives, all veterans themselves. Some are recently out of women's services, hired by VA to specialize in the problems of women veterans. In San Francisco's Chinatown, a Chinese veteran helps answer the queries of ex-servicemen of his own nationality. Hawaiian and American Japanese veterans are on the VA payroll in Hawaii.

The average VA contact man in this area helps at least 525 veterans a month to pay their insurance, to get started in school, to file for disability pensions and solve a host of other problems which baffle the ordinary ex-GI during his readjustment to civilian life.

Although the VA cannot maintain its people in every community, remote areas are served by itinerant representatives somewhat after the fashion of the old circuit riders and traveling vendors. Recently, the VA tested a traveling office, sending it throughout the sparsely populated mountainous regions of Northern California, bringing complete VA service to veterans who could not afford the time to visit a contact office in a faraway town or city.

Col. Thomas J. Cross, deputy VA administrator for California, Arizona, Nevada and Hawaii, plans to extend this mobile service to all isolated areas within his jurisdiction soon. Six such units will be on constant tour through regions where veterans are not within easy reach of a permanent VA office.

Meanwhile, more offices are being established. It is the goal to put a VA unit within 50 miles of every veteran in the area. Currently, VA representatives are situated in most principal cities and at all Army and Navy discharge points.

Question: Is it advisable for me to make a personal visit to the Veterans Administration in order to get the best information?

Answer: Not always by any means, although if you are nearby a VA office it may be best. However, if you live some distance away from the nearest representative, you can often save a trip by writing in your question.

Q. I am starting a rabbit business. Can I get help from the Veterans Administration for a few months, since I don't expect to be making much money at first?

A. You may be eligible for a self-employment allowance if you are netting under $100 a month from your business. Check with your local U. S. Employment Service office.

Prune Growers Seek 12 Cents

Supply, Demand Picture Hints Higher Prices

The present supply and demand situation for prunes indicates a higher price than any yet offered by buyers, according to Frank L. Steindorf, chairman of the Santa Clara County Farm Bureau prune section. He recently returned from a prune section meeting at Berkeley.

Because of favorable factors reported by a delegation of producers just returned from government conferences in Washington, Steindorf said, the State Farm Bureau urges producers not to sign open price contracts at low minimum price guarantees now being offered by buyers.

Specific factors are a 1946 crop probably under 200,000 tons, or 26,000 tons less than in 1945, no supplies remaining in domestic trade channels; foreign requests for prunes at the Department of Agriculture already up to 80,000 tons; and a prune juice demand indicating a larger percentage of the crop to be marketed in this form.

Twelve-cent prunes this fall, Steindorf reported, will have about the same purchasing power as 10-cent prunes a year ago.

Three-Cent Pay By Government Discontinued

Subsidy payments on processed prunes and raisins and on dry edible beans ended at 12:01 Sunday morning according to announcement from the U. S. Department of Agriculture. Applications for subsidy payments accruing from sales made before midnight Sunday should be filed not later than Sept. 28.

Discontinuance of the prune subsidy will mean a raise of approximately 3 1/4 cents a pound on prunes in the 1945 crop, according to Theodore O. Kluge, president of the Prune and Apricot Growers Association. It is too early yet, he said, to tell what price will be reached in trading on the 1946 crop.

The Department of Agriculture also announced that the eligible sales period of the 1946 canned and frozen vegetables subsidy program, previously announced as ending June 30, will not be extended.

Watch For The Big News About September 5th

TWO ARMY UNITS ALLOWED TO RECRUIT

Reminiscent of the ancient times when renowned Roman Legions were allowed by Caeser to recruit men for their won fighting units, two famous airborne divisions have been given special permission by the War Department to recruit specifically for their own outfits.

The two divisions, the 11th Airborne in the Pacific, and the 82nd now in this country, are seeking men with good physical qualifications, who are capable of maintaining the splendid traditions of these two units, virtually task forces by themselves.

The cry of "Geronimo", brought the airborne units to great prominence during World War II, with experiences of tremendous achievement from the jungles of Burma to the flooded fields of Belgium. The most maneuverable of forces, they were often the decisive factor in the winning of innumerable battles. With the discharge of their combat veterans, the 11th and the 82nd Airborne Divisions have room for replacements, but only for men with ambition and stamina.

Inquiries for these choice assignments can be made at the U. S. Recruiting Office at 214 Post Office Bld., San Jose, Calif.

Box Office Reporter

Something special is offered theater goers this weekend, Aug. 9 and 10, at the Campbell Theater with the playing of "Out of This World".

The story is about a crooner whose history parallels that of Frank Sinatra in his beginnings, inclusive of that business about so many people owning a piece of his contract, but the crooner is played by Eddie Bracken, and Eddie Bracken's singing is done by Bing Crosby. The Sinatra career is in itself a story as full of laughs as any picture has a right to be, and the Crosby singing—superbly coordinated with the Bracken performance and delightfully identified—comes across by a floodtide of melody. It's to be reported, too, that the four Crosby boys are in the picture for a bit, playing themselves as enrollees in an orphan's home on account of "You know Pa and his horses", which crackles with the good humor which is bedrock and superstructure of the production.

Whether it's a liberty to bill the vocal participation of Mr. Crosby is not quite clear, technically speaking, but the studio appears to have proceeded with complete justification on the theory that his unseen but magnificently heard presence is the kind of secret nobody is going to miss knowing. Accordingly, the billing mentions Mr. Bracken, Veronica Lake, Diana Lynn, Cass Daley and Parkyakarkus, in that order, and appends such tremendous names, musically speaking, as Carmen Cavallaro, Ted Fiorito, Henry King, Ray Noble and Joe Reichman, who play five pianos singly and collectively toward the close of the picture. A picture that can toss in a musical blockbuster like this combination without embarrassing what's gone before or comes after is a picture indeed.

The screenplay by Walter DeLeon and Arthur Phillips, based on stories by Elizabeth Meehan and Sam Coslow, opens in a small town where Miss Lynn and her girl orchestra are stranded. They play a benefit, at which Mr. Bracken, a Western Union messenger and local favorite, sings so well (with Mr. Crosby's voice) that a New York agent wires an offer of an audition. The girls sign the boy to a contract and then sell shares in it to local people to get funds for transportation to New York, discovering finally that they've sold 125 per cent of him, which is the keystone for complications after his success (culminated by hired swooners) skyrockets. How it's all worked out is beside the point, which is that it's terrific.

BE CAREFUL AT TWILIGHT

Twilight driving is dangerous because of unusual light conditions, the California State Automobile Association points out in urging drivers to "Take It Easy" after sundown.
